

FROM THE SONS

GREETINGS TO ALL

July 25, 2008

On Wednesday, I had a day I will long remember. I attended the annual Maine Blind Camp on Lake Webb. It was a cool day with rain showers always close at hand; our campers' spirits were not dampened. I saw Blind Campers from Maine and away enjoying all of the fun of summer Camp regardless of their handicap. The staff at Camp Laroweld does a wonderful job making the facility blind accessible and I was amazed at some of the activities that are still possible without sight. If you have never seen this program then I urge you to go next year to Legion visitation day and see for yourself. This is definitely one Legion sponsored program that will touch your heart.

This wonderful program would not be possible without the Legion family of Maine, as we are the sole sponsor of this program. The Sons have helped in this effort to the tune of \$2,000 plus for the past two years and I wish to continue that if possible. I have chosen Maine Blind Camp for the Commander's Project and hereby ask every Squadron in the Detachment to raise \$100 for this program. Let's keep this worthwhile program going.

Bruce Pierce, Detachment Commander.
