

Sons of The American Legion Detachment News

I hope everyone enjoyed Independence Day. I used the three days to tour a few Posts around the state by motorcycle; a few members were surprised to find that the new Detachment Commander is also a Legion Rider. Why you ask? It's a great way to combine riding and supporting Legion programs. At four dollars per gallon fuel, it's a cheaper ride to visit the many squadrons in Maine.

Our Adjutant tells me that membership has slowed. We are still at 102%. I remind you that we still have one more target date of July 24th to make 105%. Many squadrons have gone after those renewals and have made that extra effort and I thank you for a job well done. Some squadrons still have those renewals out there to be gotten. I'm asking you to give it your best. Please visit or call those members; whatever it takes. Let's make this final goal of the membership year and show National just what the Detachment of Maine is made of. Let's send Commander Don to National Convention with a bang.
