

FROM THE SONS

Greeting to all

July 18, 2008

Our summer is heating up in more ways than one. We only have one week left to make 105% membership goal, then Commander Don goes to Phoenix for our National Convention. Remember the final target date for 2008 is July 24th. Think renewals, ask in person.

This week, Vice Commander Danforth and I visited Malcolm Glidden Post 163 in Palermo, Maine. They don't have a Squadron yet but that could change. We addressed the membership on the advantages of having a Squadron in their Post and the extra helping hands that entails. Palermo is now seeking motivated sons who want to help Veterans and their community. If successful, Palermo may sponsor the 49th Squadron in the Detachment of Maine.

Those are the top stories this week from the Detachment of Maine. Next week is Maine Blind camp.

Bruce Pierce, Detachment Commander.
